

NOTE FOR: The Director

Executive Registry
76-2355/1

FROM : Edward W. Proctor
Deputy Director for Intelligence

You sent me the attached briefing papers and asked why some of them were classified. According to OLC they have been classifying papers of this kind if there are what they consider sensitive remarks under the heading "CIA Interest".

From all I know about classification, none of the attached papers can be classified under Executive Order 11652. This is the E. O. that describes the only basis for using any of the official classification markings of Confidential, Secret, or Top Secret. The only way I know of controlling these papers is to mark them "INTERNAL CIA USE ONLY". This is not a classification and will not exempt these documents from the Freedom of Information Act. There may be some exemptions in the Privacy Act which could cover this kind of information. But, it is clear to me that using any of the three official classifications is improper.
